Forecast for Monday 26 Sep 2022

Weather: A cold and windy day with bright spells and showers. The showers most frequent over eastern Cairngorms and Aberdeenshire hills, with snow above about 900m. Fewer showers and more sunshine further south over the Perthshire hills and the Ochils.

Chance of cloud-free hill tops above 800m: 70% best in southwest of area.

Low Cloud and visibility: Very good visibility away from showers with occasional cloud cover about 800m. Brief interruptions to poor visibility as showers pass by with clouds lower down the hills.

**Level above which ground is expected to be frozen/snow is expected to settle.*

Met Office Aberdeen Meteorologist's View
Feeling bitterly cold over higher ridges and summits with strong winds and temperatures close to freezing.

Forecast for Tuesday 27 Sep 2022
Weather: Another cold day with further showers, heavy at times and still wintry on the tops. The south of the area will continue to have the driest, brightest weather.

Maximum wind: Strong northwesterly winds, average speeds of 25 to 30mph with gusts 40mph over the tops.

Chance of cloud-free hill tops above 800m: 70%, again best in south of area.

Low Cloud and visibility: Very good visibility and some clouds about 700 to 800m, most extensive in north of area. Brief reductions to poor visibility in north as heavier showers come along.

Temperature: **Glens:** Plus 4 Celsius rising to 13 Celsius.
At 800m: Plus 3 Celsius.
Freezing level: 1000M.
